Kirsten Weingartner Weiss began her music studies at the age of four and holds degrees in both violin and viola. She currently serves as the principal violist of the Springfield Symphony and recently retired from the concertmaster position of the Missouri Philharmonic after nearly 15 years. Kirsten has performed with many orchestras in the mid-west and was the substitute violinist on the national tour of "Hamilton" in Springfield and Minneapolis. She was the recipient of the 2023 Missouri String Teachers Association Artist Teacher Award and has kept an active violin/viola studio as a trained Suzuki teacher. Kirsten is an enthusiastic, kind and caring teacher who is very excited to begin working with the OFO to bring string education back to Monett!
